Objectives:

"Seeking a responsible job with an opportunity for professional challenges."

Technical Skill Summary:

In case you're searching for an individual that can assist you with information-driven website architecture, web and eCommerce advancement, transformation boosting best practices, and a considerable amount of involvement, you're in the perfect spot! 3 years working as a full stack web developer with extensive grip in CMS such as WordPress, Wix, and Shopify web-based business. Also, proficient with the Shopify website.

Web Developer, ThinkRenta Pvt Ltd, (2 years)

(26th -July- 2019 to 05-July-2021)

I've been a website designer and developer for many years. During the last two years, I've helped businesses expand their operations in addition to creating, revising, and rebuilding websites. I've coded CMS themes and Figma to HTML for a very long time. My expertise includes front-end development using CSS, HTML, and JavaScript, and back-end development with PHP and MySQL. Thus, I can always create the ideal design, even if there are templates and themes already available.

My expertise in WordPress includes responsive UI/UX creation, theme customisation, and plugin customisation. In addition, I have experience with a number of popular premium themes, such as Astra, Elementor, and WP Bakery Builder.

Web Developer, Honesty Web Solutions, (1+ Years)

(01 Oct 2021 to 24 Nov 2022)

Over the course of my many years of expertise as a website designer and developer, I have not only created, edited, and redesigned websites, but I have also assisted businesses in expanding to new heights. I have a lot of experience developing CMS themes and Figma to HTML. I am familiar with PHP and MySQL for backend programming and CSS, HTML, and JavaScript for front-end architecture. Therefore, regardless of the templates and themes that are already available, I can always create the ideal design.

I am proficient in responsive UI/UX development, theme customisation, and plugin customisation when it comes to WordPress. Additionally, I am knowledgeable in a number of popular premium themes, such as Astra, Avada, Elementor, and WordPress Bakery.

Web Developer, Brandswitch Next LLP,

(11 Jan 2023 to 10 August 2023)

With years of experience in website design and development, I have honed my ability to create, edit, and redesign websites that drive business growth and elevate brands. My skill set combines creative design with robust technical expertise to deliver outstanding digital solutions.

Core Competencies:

- **Front-End Development:**
Expertise in **CSS, HTML, and JavaScript**, creating responsive and interactive user interfaces.
- **Back-End Development:**
Proficient in **PHP** and **MySQL**, ensuring scalable, secure, and reliable web solutions.
- **Figma to HTML:**
Seamlessly converting designs into pixel-perfect, functional websites.
- **WordPress Development:**
 - Customizing themes to match brand identity.
 - Developing responsive and engaging UI/UX designs.
 - Enhancing functionality through plugin customization.
- **Premium Themes Expertise:**
Skilled in using **Astra, Elementor**, and **WPBakery** for efficient, high-quality site development.

Web Developer, Eggfirst Advertising and Digital Agency

(3 October 2023 – Present)

As a seasoned website designer and developer, I bring years of experience in crafting, editing, and redesigning websites to elevate businesses to new heights. My expertise includes seamless Figma-to-HTML conversions, CMS theme development, and customization, ensuring visually appealing and fully functional web designs.

On the front end, I am well-versed in **CSS, HTML, and JavaScript**, creating responsive and intuitive user interfaces. My backend development skills in **PHP** and **MySQL** allow me to build robust and scalable solutions tailored to unique business needs. This combination enables me to deliver custom designs without being limited by existing templates or themes.

In WordPress development, I specialize in:

- **Theme customization** to reflect brand identity.
- **Responsive UI/UX development** for optimal user experiences across devices.
- **Plugin customization** to enhance site functionality.

I am also proficient with premium WordPress themes, including **Astra, Elementor**, and **WPBakery**, ensuring efficient and high-quality website development. My approach combines technical expertise with creative solutions to drive results for businesses.

Education:

- I hold a Bachelor's Degree in Computer Science from Mumbai University, with a strong foundation in programming and software development.

Strengths:

- Hard-working, Punctual & committed.
- Self-motivated, able to take challenges, able to work 24X7
- Good Inner Professional skills.
- Positive attitude towards learning new things and acquiring more knowledge.

Professional Profile:

I pride myself in my ability to provide amazing work that is design and conversion driven. I have worked with clients in an array of industries, ranging from artificial intelligence to wedding planning, and I am always excited to work on a project in a new industry with its own unique challenges.

There's no additional opportunity for a first decent impression! What's more, that is the manner in which I approach my ventures. I'm accustomed to working with business visionaries, people, or organizations.

My main concern is to ensure you're totally happy with the deliverable. To get this going, I'll cultivate familiar correspondence and a total comprehension of your necessities and assumptions.

I'm both completely conversant in English and Hindi.

Summary:

- I love to help organizations and business visionaries to digitize their business and siphon up their deals! Top-quality execution is everything.
- What makes for an extraordinary site? What's more, what you can anticipate from me:
- Great copywriting that sells!
- Customer-driven design (Intuitive UI/UX)
- Work on AWS/CPanel
- Excellent feel
- Fast stacking (Under 3 secs)
- Google-streamlined (SEO)
- Fully responsive (+50% of your visits will come from a cell phone)
- Security: hostile to hack for you and safe instalment measure for your clients.
